## FOREWORD

It gives me immense pleasure to present the Annual Report, 2005-06 on the receipt of foreign contribution by associations/NGOs registered or granted prior permission under the Foreign Contribution (Regulation) Act (FCRA). This Report contains State/U.T, donor country and purpose-wise data and analysis of foreign contribution received. In addition, brief information relating to law and major activities during the year is also provided.

2. The general policy of the Government of India is not to solicit foreign contribution but if foreign contribution is intended for genuine activities of nation building, the same is permitted subject to fulfillment of certain criteria by the recipient association. Concerted efforts are made to facilitate inflow of foreign contribution for genuine activities without compromising national security concerns.

3. During the year various innovative initiatives were taken to respond better to the needs of the stakeholders. Starting with hosting of the first ever National seminar on FCRA in June, 2005, the endeavor of the Foreigners Division has been to bring transparency and accountability in the operation of the Act with focus on bringing in a regime of good governance and client-friendly administration. This has led to simplification of procedures, improved service delivery, hosting of available requisite information on MHA's website and providing the facility for online status enquiry for applications.

4. I am confident that this compilation will be useful to the Hon'ble Members of Parliament and other readers. A copy of this Report is being placed on this Ministry's website, [www.mha.nic.in/fore.htm](http://www.mha.nic.in/fore.htm) for the benefit of various stakeholders. Suggestions/comments to improve the contents of future Annual Reports are welcome and can be sent to Deputy Secretary (FC)'s e-mail address: *ds-fcra@nic.in*.

5. I would also like to place on record my appreciation for the hard work put in by the Foreigners Division in preparing this Report in a short time.

## INTRODUCTION

# CHAPTER - 1

## INTRODUCTION

Receipt and utilization of foreign contribution and acceptance of foreign hospitality by individuals and associations working in important areas of national life is regulated under the provision of the Foreign Contribution (Regulation) Act, 1976. The purpose of this Act, which came into force from 5<sup>th</sup> August, 1976, is to ensure that acceptance and utilization of foreign contribution by associations and other voluntary organizations as well as individuals working in the important areas of national life ( like judges, public servants, office bearers of political parties, members of legislature, etc.) is in a manner consistent with the values of sovereign democratic republic. The Act intends to put in place a system of screening to ensure that the associations or office bearers thereof do not deflect the foreign contribution towards pursuits detrimental to national interest.

1.2 The general policy adopted by the Government of India is not to encourage soliciting of foreign contribution, but if it is intended for genuine activities with a focus on definite cultural, economic, educational, religious or social programme, the same can be accepted either by obtaining prior permission or registration under the Act from the Central Government. Such associations are required to submit annual accounts (duly audited) in prescribed FC-3 form to the Central Government within four months of closure of financial year i.e. by 31<sup>st</sup> July of subsequent year.

1.3 FCRA wing of Foreigners' Division, MHA brings out an Annual Report regarding the receipt of foreign contribution by voluntary associations based on the Annual FC-3 returns (duly certified by the Chartered Accountants) furnished by the organizations u/s 6(1) of FC(R) Act, 1976 read with Rule 4 (1)(a) of FC(R) Rules, 1976, for carrying out different activities and programmes as per their respective charters. The report also contains State/UT-wise, purpose-wise and donor/country-wise analysis of receipt of foreign contribution. Since the data in the Annual Report and the accounts are audited and verified by the Chartered Accountants, the figures are accepted for inclusion in the report without any further verification by the officers of Ministry of Home Affairs. Therefore, the figures furnished in this report are a compilation and analysis of data furnished by various associations and does not represent any primary data generated by Ministry of Home Affairs.

- 1.4 The figures in this Report pertain to the data provided by 18,570 associations out of 32,144 associations, which were registered under FCRA till 31.3.2006, and 513 associations, which were granted prior permission during the year. Therefore, the amounts do not reflect complete picture of foreign contribution received in the country during the year but provides information about the foreign contribution received by the reporting organizations only.
- 1.5 It is a matter of concern that a large No. of registered associations do not even submit statutory annual returns mandated by the law. However, due to sustained efforts by this Ministry, number of reporting associations is increasing. The large number of defaulting associations had necessitated punitive action against 8,673 associations which have been placed in the prior permission category.

# CHAPTER - 2

## **CHAPTER – 2**

### **BROAD OVERVIEW OF FCRA**

Foreign Contribution (Regulation) Act is applicable to whole of India, including the State of Jammu & Kashmir, Indian citizens, including those who are out of India or associations and their subsidiaries, branches, etc. registered or incorporated in India come under the ambit of this Act. The intimation shall include the source from which and the manner in which such hospitality was availed by the recipient.

Foreign hospitality includes cost of travel, boarding, lodging, free transportation, free medical treatment, etc.

### **2.4 Monitoring of utilization of foreign contribution**

The primary purpose of Foreign Contribution (Regulation) Act, 1976 is to ensure that the foreign contribution that is received for specific tasks is not misused for activities detrimental to national interest. The associations registered under FCRA and those granted prior permission, are required to submit audited FC-3 returns to MHA within 4 months of close of the financial year. The information pertains to details of receipt and utilization of foreign funds along with corresponding Balance Sheets, Income & Expenditure Account, Receipts & Payments Account, Schedule of Assets created out of foreign contribution etc. A certificate from a Chartered Accountant that the accounts of the association have been maintained as prescribed by the Foreign Contribution (Regulation) Act, 1976, is mandatory. The accounts are required to be authenticated by the Chartered Accountant.

Over 34,035 associations have been registered under FCRA as on 28<sup>th</sup> February, 2007 to receive and utilize foreign contribution. These associations are broadly divided into 5 categories viz. **Religious, Cultural, Economic, Educational & Social**. Many of these associations are simultaneously engaged in activities falling within two or more categories.

Moreover, around 500 associations are being granted prior permission every year to receive and utilize foreign contribution for specific activities.

A Monitoring Cell in Foreigners' Division consisting of specialist officers has been designated to monitor the receipt and utilization of foreign contribution. This is done through scrutiny of the audited annual returns in prescribed FC-3 forms filed by the associations and field inspection of accounts and records of the associations. Scrutiny of accounts is done in respect of top 25 recipients of foreign contribution in each State, some randomly selected associations and such organizations as are reported adversely by the field agencies. Inspection of accounts is approved in those cases where *prima facie* violation of provisions of FC(R) Act, 1976 is established. The inspections have twin objectives – one, to educate the associations in respect of bona fide errors and two, to catch and prosecute the willful violators. The emphasis of the inspection is to ensure that the foreign contribution gets utilized properly towards achieving the declared aims and objectives of the association.
